

Orthogonality

- Changing the frequency of the radio does not change the sound of the radio.
- Plugging the computer into the charger does not affect the sound of the computer.
- Wearing glasses does not strengthen our hearing ability.

Tracer Bullet Vs Prototype

Both prototypes and tracer bullets provide information that will guide the development of a new undertaking. Both emphasize focus to get results quickly. Prototypes allow you to explore the unknowns of implementation, while tracer bullets allow you to explore the unknowns of feasibility.

- While the wing designs of the aircraft with certain materials are prototypes, the simplest and the effect of these designs on the aircraft in general and questioning their applicability is based on the tracer bullet principle.
-
